³ - Mark converted from reported 800m time of 2:19.7. The 800m record carried for years in meet programs was 2:20.3 or 2:20.4 for 800m, but both Enquirer & Post from 1982 list this performance as mark as 2:19.7 for 800m, not 2:20.3. Performances from the 1982 meet apparently were converted to metric equivalents prior to submission to the local newspapers based on historical records.
