**Time Pieces**

This is the Second issue of the 2013 season with marks taken from the following meets: DI Coaches Classic finals at Winton Woods and prelims at Ross, Mason and Winton Woods, Madeira Inv., Bethel Tate Inv., and Norwood Triskaidekaphobic Inv. At this time, we don't have the results of the Cincinnati Country Day Inv. held last Saturday. If we get them, we will do an update.

**Gripe of the week:** Those meets not using FAT should not be reported to the hundredth of a second but rounded up to the next highest tenth. Times from the Mason DI Coaches Classic qualifier are not shown with the times as listed on the program finals or as seed times. I am not going to use times which have been converted on these lists since there is disagreement as to how much the conversion factor is. All times below 800 meters show an "h" for hand timing but in the 800m and up, the "h" is not listed for hand timing. They are however, shown to the tenth of a second as they should be. Most consensus is that in events longer than 400m, there is no difference between hand timing and fully automatic timing. That is why I don't show the "h" in those events, but you can tell it's manual timing when you see a time only listed to the tenth of a second and not the hundredth. As always corrections, additions, comments should be sent to [tfcstats@gmail.com](mailto:tfcstats@gmail.com).
