Time Pieces

This is third issue of the 2013 season containing updates from the Vince Mercure Colerain Inv, Winton Woods Inv., Waynesville Inv., Mt. Healthy Owls Classic, Greg Zuleger Harrison Inv., Deer Park Inv., Centerville Elk Relays, Louisville Male Inv., Talawanda Quad, Vern Hawkins Inv., and Lebanon Warrior Relays.

Timing Notes: Those meets not using FAT should **Not** be reported to the hundredth of a second but rounded up to the next highest tenth. It is assumed meets are hand times until known otherwise. Times from the Mason DI Coaches Classic qualifier are not shown with the times as listed on the program finals or as seed times. I am not going to use times which have been converted on these lists since there is disagreement as to how much the conversion factor is. All times below 800 meters show an "h" for hand timing but in the 800m and up, the "h" is not listed for hand timing. They are however, shown to the tenth of a second as they should be. Most consensus is that in events longer than 400m, there is no difference between hand timing and fully automatic timing. That is why I don't show the "h" in those events, but you can tell it's manual timing when you see a time only listed to the tenth of a second and not the hundredth. As always corrections, additions, comments should be sent to tfcstats@gmail.com.
